

Countess of Chester (F/097) Framework

Supplier Guide - Neurodevelopmental Assessment Services

The **F/097 Autism & ADHD Assessment Services Framework** is a national agreement run by Countess of Chester Hospital NHS Foundation Trust Commercial Procurement Services (COCH CPS).

Who Are We?

- **Young Wellbeing Hub** - CQC-registered provider for children & young people (6–18).
- **Harley Street ADHD** - CQC-registered provider for adults (17.5+)

Both are appointed suppliers under the COCH CPS F/097 Autism & ADHD Assessment Services Framework.

Services Available

Neurodevelopmental assessment and medication support services for **children/young people** and **adults**:

- ADHD assessments and diagnosis
- Autism assessments and diagnosis
- Combined autism and ADHD assessments and diagnosis
- ADHD medication prescribing, titration and review

The F/097 Autism & ADHD Assessment Services Framework provides NHS and public sector organisations with a fast and compliant way to access autism and ADHD assessment services. All suppliers, including Young Wellbeing Hub and Harley Street ADHD, have been appointed to this framework following a thorough capability and standards review, ensuring quality and reliability.

Organisations can appoint us through the framework in two simple ways: by **direct award**, which is the fastest route and does not require a tender process, or by running a **further competition** between framework suppliers to find the best fit for their needs.

Contact the COCH CPS team to confirm your buyer eligibility and request the **framework briefing pack**.
